

# Honey Or Fire

## Andra Day

You drew this line  
But can't pick a side  
Is it on, is it over  
Are you in, are you out  
Make up your mind  
So I can keep mine  
Is it on, is it over  
Are you in, are you out

You're in the wind just like a palm tree in a storm  
But I'll be the only one to break and fall  
When you call oh

So give me honey  
Give me fire  
Give me honey  
Or give me fire

You love me you say  
And then run away  
Are we coming or going  
is it on, is it off  
Or call everyday  
Then say you need space  
Are we coming or going  
Is it on is off

You're in the wind just like, a palm tree in a storm  
But I'll be the only one to break and fall  
When you call oh, oh

Give me honey, give me fire  
Love me wholly, or let me fly  
Hot or cold, no just right  
So give me honey or give me fire  
Cause you ain't no good when you're, you're just luke warm

And I'm closing this bar  
So make your last call  
We can have everything, or nothing at all

Give me honey, give me fire  
Give me honey, or give me fire

Give me honey, give me fire  
Love me wholly, or let me fly  
Hot or cold, no just right  
Love me wholly, or let me fly  
Cuz you ainâ€™t no good, no you ainâ€™t no good oh no  
So give me honey or give me fire  
Oh cuz you ainâ€™t no good when youâ€™re, youâ€™re just luke warm
