## Phish

Woke up this mornin' and I had those walkin' blues now  
Woke up this mornin' and I had those walkin' blues now  
Woke up this mornin' and I had those walkin' blues now  
Wasn't walkin' nowhere 'cause I didn't have no legs But I'm alright, he's alright  
I'm alright, he's alright  
I'm alright, he's alright  
I'm alright, he's alright I'm alright now, he's alright  
I'm alright now, he's alright  
'Cause I gotta degree Yesterday mornin' my old lady turned to me and she started to cry  
Yesterday mornin' my old lady turned to me and she started to cry  
Yesterday mornin' my old lady turned to me and she started to cry  
She said, "I'm gonna take this diploma, I'm gonna slice you in the eye" But I'm alright, he's alright  
I'm alright, he's alright  
I'm alright, he's alright  
I'm alright, he's alright I'm alright now, he's alright  
I'm alright now, he's alright  
'Cause I gotta degree
