Déjà Vu

Crosby, Stills & Nash

If I had ever been here before I would pro'bly know just what to do
Hey, don't you?

If I had ever been here before on another time around the wheel
I would probably know just how to deal
With all of you

And I feel like I've been here before
Feel like I've been here before
And you know it does make me wonder
What's going on under the ground

Do you know? Don't you wonder? What's going on Down under you

We have all been here before We have all been here before We have all been here before We have all been here before
