

# Eight Years Old

**Ben Lee**

You know, you never change your ways  
And I don't mean the way you brush your hair  
You know, you never change your ways  
And I don't mean the clothes you wear  
And I don't want you to lose your inhibitions  
Just be a bit more flexibleBy dictionary definition  
Be a bit more ductile like meYou know, you never change your ways  
And I don't mean the life you lead  
You know, you never change your ways  
And I don't know what you need  
And I don't want you to lose your inhibitions  
Just be a bit more flexibleBy dictionary definition  
Be a bit more ductile like me
