

# Three Nails

## Citipointe Live

Verse 1:

Bruised and broken  
Is what You were for me  
On the cross You gave  
Your life for all to see

A love so real a love for me

Pre Chorus:  
And You, You make me stronger

You take me over oh Lord

And You are my strong tower

You gave the power to be free, to be free

Chorus:

You set me free

Three nails and You rescued me

Were breaking down these walls

Its the sound of victory

The earth will shake

With the power of love with no mistakes

Were breaking down these walls

Jesus our King
