

One Of Those Nights

Tim Mcgraw

She's getting dressed up, putting on that lipstick
Shimmy shakin' right into them cut-offs baby, aww yeah
You're getting off work, cashin' out that paycheck
Gotta change that shirt and pick that girl up on her front step
Here she comes now looking so fine
You've been waiting on this night for such a long, long time

Chorus:

She slides in and you roll down main street,
You turn right when that red light turns green
The Sun sets, now you're halfway to heaven
She picks a song you turn it up to eleven,
You say "do you wanna?" and she says hell yeah
So you hit the party, all your buddies are jealous
Someday you'll be looking back on your life
At the memories, this is gonna be one of those nights
Crowded back yard, everybody's laughing
Kinda party, next week you'll say I was there when it happened
Coming up on midnight, bout time to get gone
And then the DJ starts to play her favorite song
You slow dance for three minutes or so, and then she whispers baby let's go

And when she slides in and she gives you the green light
You hold off till you turn on the headlights
Someday when you're looking back on your life
At the memories, this is gonna be one of those nights
Yeah one of those nights
Full moon through a crack in the windshield
You hold her close and you'll never forget how her heartbeat feels
No you never will
Cause someday when you're looking back on your life
At the memories, this is gonna be one of those nights
Yeah one of those nights
one of those nights
Yeah one of those nights
one of those nights, Oh
One of those nights
This is gonna be
Hey
This is gonna be

One of those nights

Oh-oh

One of those nights

One of those nights
