Champagne Eyes (Acoustic Version)

Satellite Stories

Warm enough for me
Were the words I won't believe
And the words she said to me
As we dove into the seaAll the slopes were green
When we ran uphill to see
And we fell upon our knees
The day we got our degreesChampagne eyes
Was the youth we shared
Filled with compromise
You made your mind
And your sister cried
On the backseat asking why
They drove away
You chose to stay
Generation passed
They say the fame won't last
Don't mind to be outcast
So let's just take the chanceChampagne eyes
Was the youth we shared
Filled with compromise
You made your mind
And your sister cried
On the backseat asking why
They drove away
You chose to stayAnd all good things in life
Are here tonight, tonight
I'm standing by your side
We'll be alright, alright
Champagne eyes
Was the youth we shared
Filled with compromise
You made your mind
And your sister cried
On the backseat asking why
They drove away
You chose to stay
