## Rocky Business

[Azealia Banks & Isaiah Gripper: Hook]

Give me, give me, another

Take me, take me, discover

Give me, give me, another

Take me, take me, discover[Rocky B: Verse 1]

Deep in the ocean of addiction

Blue skin pill to the pain thats for

Who seem another one lost his religion

Power to the ghost, to the Christian

Pressure of restriction,

Power to the most that resist it

Life of the tenant, color of a prison

Painted in the hues of a blue

A hard rock of domic, is within him

Just use all the talents thats forbidden

Battleground when you close to finish

Body is a host to a spirit

Nonchalant, master to apprentice

Ambiance, closer to a Kendrick

Victim that grows from that trenches

- with a scope of the business

My - Im the hope of the victims

Approach with a candle and an incense

Handling the ghouls and the henchmen

Third eye on hot noon like a western

My weapon![Azealia Banks & Isaiah Gripper: Hook]

Give me, give me, another

Take me, take me, discover

Give me, give me, another

Take me, take me, discover

Give me, give me, another

Take me, take me, discover

Give me, give me, another

Take me, take me, discover[Rocky B: Verse 2]

Passion is a ice cold blue, imagine if I draw you

Catalyst a icon too, pattern is designed by who

A character who dies off too

Plot thickens up, at flower pot thickens up

At hours clock ticking up

Soul turns blue, right before the rush  
Holiday for senses, cant turn the Samurai to sensei  
Cant turn a - into a pup, manipulate you one  
Really afraid of a rush, renegades are front  
Once you place motel food on the rush  
Food to a once, system approved from the blues to the rock  
Move from the tombs of the block  
The muse not amused, you can say what you want  
(You can say what you want)
