

Lucky Dog

Blackjack Billy

You walk in, all the boys turn your way
I'm lying, said I didn't know your name
When we were leaving, you pulled me close
You said you need it, I can't say no
All my friends, wish you were out with them
But I tell all my friends
I'm just a lucky dog, just a lucky dog
All my friends, wish they were me instead
I'm waking up in your bed
I'm just a lucky dog, just a lucky dog
They're saying, I never come around these days
I'm spending, all my time between your legs
They can't believe it, you took me home
You always need it, I can't say no
All my friends, wish you were out with them
But I tell all my friends
I'm just a lucky dog, just a lucky dog
All my friends, wish they were me instead
I'm waking up in your bed
I'm just a lucky dog, just a lucky dog
I'm just a lucky dog, just a lucky dog
I'm just a lucky dog, just a lucky dog
All my friends, wish you were out with them
But I tell all my friends
I'm just a lucky dog, just a lucky dog
All my friends, wish they were me instead
I'm waking up in your bed
I'm just a lucky dog, just a lucky dog
I'm just a lucky dog, just a lucky dog
Just a lucky dog, just a lucky dog
Just a lucky dog, just a lucky dog
