

# Operation Ground And Pound

## Dragonforce

Smashing through the boundaries  
Storming through the burning fields  
Stand before the evil one, on towards the molten sun  
Falling under skies of pain  
Soldiers searching endlessly  
Crashing over seven seas  
Torture in the winter sky, riding over plains of ice  
Shadows in the fields of the slain  
Crashing steel and rage you feel  
We'll smash the cross, destroy the army  
Crush the legions of the twilight  
Devils have seen our way  
Cry far away, as we reach for the day  
Passing our way through the punishment and the pain  
Reach for the one, as the sky begins to fall  
Rising through the darkened ashes praying that we'll see a light  
Far away, will our eyes now see the day  
For today, the everlasting eternal sun  
Washed away, the dreams of a brighter day  
Forever hold the dream inside  
The chance to fight another fight  
The breaking hearts that stand for all our lives, live tonight  
Watch you die, I watch you die inside  
While fear controls your life  
Then reject this animosity  
With this and any mind

We feel the power deep within  
The fear you hold inside  
Just to find the reason for the treason  
Now you will be mine  
Screams of pain without the sun  
We'll rise again from hell defending  
Play the harps, we'll lift the fire  
Warriors of flame will be slain  
Rise through the pain, like the sun will rise again  
Day after day but the memories never change  
Stand before the storm, as the last horizon falls  
Blinded by the vision of the innocence of our souls

Far away, will our eyes now see the day  
For today, the everlasting eternal sun  
Washed away, the dreams of a brighter day  
Forever hold the dream inside  
The chance to fight another fight  
The breaking hearts that stand for all our lives, live tonight  
Far away, will our eyes now see the day  
For today, the everlasting eternal sun  
Far away, will our eyes now see the day  
For today, the everlasting eternal sun  
Washed away, the dreams of a brighter day  
Forever hold the dream inside  
The chance to fight another fight  
The breaking hearts that stand for all our lives, live tonight
