Illusionist

Supercraft

Iâ€™m on the backside
of the moon
Still hoping someday
it will bloom
Here
Donâ€™t try to count them
Cause you canâ€™t know
How many days
that I have spent cold

It donâ€™t ever matter if
Iâ€™m an illusionist
Talk
He doesnâ€™t talk
And look the lies in here
If I make them disappear
Talk
Will he then talk

Black water radar
doesnâ€™t show
Happy is a longer way to go
Still
I never told you
cause I canâ€™t stall
For every star
there is a black hole

It donâ€™t ever matter if
Iâ€™m an illusionist
Talk
He doesnâ€™t talk
And look at the lies in here
If I make them disappear
Talk
Will he then talk?

Cautious hymn
Donâ€™t mind him
Itâ€™s just my strain

Talking

Illusion
