

# You Can't Stop Rock 'N' Roll

## Twisted Sister

Here it comes, you're never gonna top it  
On a run, and no way you can stop it  
Total style, perfection in decay  
Running wild, flat out all the way Now you can ride it high  
And you can light the way  
Lift up your hands in praise You can't stop rock 'n' roll  
You can't stop rock 'n' roll  
You can't stop rock 'n' roll Like a charging bull, it's a juggernaut  
With steam at full, never to be caught  
Incarnate power, roaring from the sky  
While others cower, rock ain't gonna die Now you can ride it high  
And you can light the way  
Lift up your hands in praise You can't stop rock 'n' roll  
You can't stop rock 'n' roll  
You can't stop rock 'n' roll It's an angry steed, on a never ending course  
With grace and speed, it's an unrelenting force  
His head thrown back and defiantly proud  
Under constant attack, it's blasting, fast and loud Now you can ride it high  
And you can light the way  
Lift up your hands in praise You can't stop rock 'n' roll  
You can't stop rock 'n' roll  
You can't stop rock 'n' roll Can't stop, can't you stop it  
Can't stop, you can't stop it  
Can't stop, can't you stop it  
Can't stop, you can't stop it Can't stop, can't you stop it  
Can't stop, you can't stop it  
Can't stop, can't you stop it  
Can't stop, you can't stop it
