Brother Stone

Hold on to life for all you're worth
You know He died for all you're worth
He loves you
You have the greatest value
He gave His life for all
For all you're worth
By this time you know the story
There's nothing there you haven't heard
You can cross the line of knowing
And your heart believing His Word
Do you think He brought you this far
Just to leave you wondering where and who you are
Just think back to where it began
Jesus called your name and then you just took His Hand
Hold on to life for all you're worth
You know He died for all you're worth
He loves you
You have the greatest value
He gave His life for all
For all you're worth
Even gold still needs refining
Burning off impurities
Even diamonds grow in value
When they're cut so carefully
There's no life beyond His repair
You will find Him waiting just beyond a prayer
He invested all that He had
Don't you think it hurts Him inside to see you sad
Hold on to life for all you're worth
You know He died for all you're worth
He loves you
You have the greatest value
He gave His life for all
For all you're worth
He has His eye on you
You have the greatest value
He gave His life or all
For all you're worth
For all you're worth
