Hey Julia

Steve Carroll

Hey, hey Julia, you're acting so peculiar
I know I'd never fool you in a million years
A horn section you resemble and your figure makes me tremble
And I sure would like to handle what's between your ears
And you're a temptation to a man
And I could not resist you and I won't if I can
You're so unexpected and whatever you injected
Made me feel how I felt when I sang
Hey, hey Julia you're acting so peculiar
I know I'd never fool you in a million years
You're a strain on my eyeses and you're full of surprises
Love materializes soon as you come near
There's a sensation you create
Robs me off my sleep and I've forgotten the date

My head started spinning soon as you started singing
And like a fish I just froze to the bait
Hey, hey Julia with your crazy sense of humor
You turn fact into rumor soon as you come near
A horn section you resemble and your figure makes me tremble
And I sure would like to handle what's between your ears
You're a temptation to a man
And I could not resist you and I won't if I can
You're so unexpected and whatever you injected
Made me feel how I felt when I sang
Julia, you're a danger just like giving sweets to strangers
And I think it's time I took you in hand
