

# Let Me Love You

## Bad Love Junkie

Saturday night  
Sun going down  
And you man aint around  
A north wind blowing cold  
It chills you to the bone  
And tonight you're getting stoned  
Have a little drink, ease your mind  
Slip on down to the cheating side of town  
Let me love you like I stole you  
Love you like I stole you  
Let me love you like the man  
Who stole your heart away  
Let me love you like I stole you  
Love you like I stole you  
Let me love you like the man  
Who stole your heart away  
Go ahead and dance  
Your secrets safe with me  
I will grant you a reprieve  
And you can hold me close  
Tell me your desire  
Baby I can be the fire  
Play that song that heals your soul  
Go ahead now and let go  
Baby I can  
Love you like I stole you  
Love you like I stole  
Tonight I'll love you like the man  
Who stole your heart away  
Let me love you like I stole you  
Love you like I stole you  
Tonight Ill love you like the man  
Who stole your heart away
