Mastermind

Lunik

You want me to be a fellow-believer
You want me to be part of a good majority
I can't never ever be your disciple

You want me to be a fellow-believer
You want me to be submissive, to be full of loyalty
I can't never ever agree
Mastermind set me free
I cannot find any reason to agree
With mastermind don't want to be
In mental custody

You want me to be a collaborator
You want me to be thoughtless like a trimmer has to be
But I'll never ever be your plaything

You want me to be a collaborator
To fit into the rules of a good society
But I'm sure I'll find a way to leave
