

# Love's Holiday

**Kim Burrell**

Kim Burrell God speaks.  
Can you hear Him?  
I hope He can hear me  
I hope you are listening, God!

Would you mind if I touch, if I reach out to hold you tight til the morning light (Oh)  
Would you mind if I said how I felt so tenderly, again 'cause I never felt, (never felt)  
Felt this way in my heart before (in my heart before)  
God's love has found a way in my heart tonight (oh)

Would you mind if I looked into your eyes til I'm hypnotized while I lose my pride (Oh)  
Oh Would you mind if I love you until you are satisfied with me again

Cause I never ever felt this way, felt this way in my heart before  
Because love has found His way in my heart tonight.

Once again cause I never ever felt, (never ever felt)  
Felt this way (this way) in my heart before. (in my heart before)

Because love, love has found His way  
In my heart tonight

Love, would you mind

Would you mind?  
Love look at me, love can you see, I am satisfied with you  
Love I am satisfied with you  
Look into my eyes, I'm hypnotized  
There goes my pride, I know you don't mind
