Ozone Mama

(You better get lost, woman!)She wouldn't tell me what it was all about
Strange kindda rough ride made my head spinnin' round Slippin' and slidin' lit me up every night
She-devil's backdoor open for coming ...for comingRide me lil' pony, lay your body hold on tight
Do (it) like an animal, do what I'm doin' ...what I'm doin'I really care for you - I really die for you
You gotta know it's true - That I ...It's gettin dark now, (She) left me here withoutta sight Two-headed bitch's
spell put my life in ruins ... in ruins(She's a) Soul shakin earth quakin raw hide!I really care for you - I really die
for you
You gotta know it's true - That I ... (x2)[Guitar Solo]Yeah, I'm comin'!I really care for you - I really die for you
You gotta know that's true - That I ... (x2)
