Movin'

Skin

A look of death that turns you on
Im too destructive to be the oneChorus
Thats were Im going to
Some place thats far from you
Im movin onIm to frustrated to kill your glare
I cant dismiss, you cant compareBridge
And when I find my place
Ill make this stupid feeling last forever
When I find my way
Nothing left in this sick world will matterI wanna kill to fit your rules
I cant resign until youre throughAlternate. Chorus
Thats were Im running to
Some place where dreams cant rule
Im movin on
