

Hard Love

Hollerado

I'll trade this hard love for a sad song
I'll trade this sad song for a good time
I'll trade this good time for a hard love
 And that's all I got for you
 Your ring was in my pocket
 Either lost it, or I hawked it
 I don't know
 I don't regret those nights alone
 When I let the stories take control
 Like a slow fall
 Those nights I mighta called on you
 Crying or just kidding
 I was high
I'll trade this hard love for a sad song
I'll trade this sad song for a good time
I'll trade this good time for a hard love
 And that's all I got for you
I'll trade this hard love for a sad song
I'll trade this sad song for a good time
I'll trade this good time for a hard love
 And that's all I got for you
 Yeah, and that's all I got for you
 And that's all I got for you
