Submarine

Qurious

Put me in the submarine
And push it into the sea
Let it sink down
Down, down
I remember everything
Racing you across the bridge
I was running, I was sweating, I was falling
And then you kissed me, it was crazy
But that was yesterday
That was not today
But that was yesterday
That was not todayI did not want to let you go
But I knew I had to
I did not want to let you go
But I knew I had toAnd I remember everything
I even loved your family
All I've ever given you was love
And your heart has two sides
And I can't stick around to lie anymore
I'm laughing and I'm crying
I'm laughing and I'm crying and I sink down
Down, DownI did not want to let you go
But I knew I had to
I did not want to let you go
But I knew I had toAnd I'll always miss youAnd I'll always miss you, ohI did not want to let you go
But I knew I had to
I did not want to let you go
But I knew I had to
I did not want to let you go
But I knew I had toAnd I'll always miss you, oh
