Wild Heart

Luba

I need some space
I need some open air
to breathe
got to have it
got to fill my soul
and I
never knew that it was
in my blood
I know it might sound silly
but I
would never deceive you
but it stings
like a thorn
in my side
can't help it now
can you feel it pound
can you hear the sound
of my wild heart
[chorus]
beat like a whisper
beat like a drum
beat in a place
as big as the sun
and I will return
if you let me run
I'm a wild wild one
I need some grace
I need some
understanding
got to have it
got to fill my soul
and I never knew
that it was in my blood
I know it might sound silly
but I
would never deceive you
but it is something more
than just a wild wreckless
upheaval

and it stings
like a thorn
in my side
can't help it now
can you you feel it pound
can you hear the sound
of my wild heart
repeat chorus
beat like a whisper
beat like a drum
beat in a place
as big as the sun
and I will return
if you let me run
I'm a wild heart
Oh, I'm a wild heart
Yes, I'm a wild heart
Hey, let me run
let me run
