

Not Tonight

Slapstick

I won't be coming home tonight
3 am I'm sitting in the gutter, I'm tired of waiting around
Puke on the pavement, beer in my hand
Now pick up the phone and make a call to my house
Hearing a voice I can't understand
Dad, I'm too drunk, can you come give me a hand?
I'm sick and tired of waiting around
But that's okay, I'm falling back down
I won't be coming home tonight
