Deep Cut

My Education

I don't know where I went
My brain is up for rent
I feel like my whole life is spent
I don't know where I wentWhat do you do when it's already everywhere?
What do you do when nobody really cares?
What do you do while its cool to fuck with you?
What do you do?When you believe what they say about you
And even the things you know are not true
And you can't even ask yourselfI don't know where I'm at
I think I killed my cat
I get these paranoid attacks
I don't know where I'm atWhat do you do when opinions are everywhere?
What do you do when its nothing you want to hear?
What do you do when you can't think of what to do?
What do you do?When you believe what they say about you
And even the things you know are not true
And you can't even ask yourselfGotta move on
What do you do when you don't know what to do? (gotta move on)
What do you do? (gotta move on)
