

Deep Water (Acoustic Version)

Seal

One

Two...One

Two

Three

FourI'll kiss that awayBoth of them swam from a northern blue sky

Smile on their faces they entered their doom

Like they knew if their world should end

They won't care about that anywayI jade the water and I burn the fire

Nuclear chemicals making their doom

Like you knew If the world should end

You won't care about that anywayMaybe that's the way you live your life but I know

Life, it don't always live that wayJade, a shade of pain and then we die

Jade, a shade of pain and then we die

Jade, a shade of pain and then we die

Maybe that's the way you live your life but I know

Life, you see it don't always live that wayJade, a shade of pain and then we die

Jade, a shade of pain and then we die, oh why?

Jade, a shade of pain and then we die

Maybe that's the way

But it don't always live that wayNow that I understand the beauty

of what they left to hand me down

When you need a place to live

And no one understands you

And all you want to do is to cry out loud

But you don't know howNo way, no one, no one understands

The hand that strikes

When just a touch of love is all a problem needed

And when you hurt someone so much yet still they die loving you

And all you want to do is to cry out loud

But you don't know how, jadeJade, a shade of pain and then, and then we die

Jade, a shade of pain and then, and then we dieBut you don't know how

Until you try some how

Like you don't know how

But you try somehow

And then we dieWe will find a way

Letting the sun go down

Maybe we'll find a way

Holding the sun

We will find a way

Letting our life go by
I tell you we'll find a way
Holding the sun
