

# Pure Smokey

George Harrison

Smokey, smokey Throughout my lifetimes, I'd hesitate  
I'd feel some joy  
But before I'd show my thanks  
It became too late But now all the way  
I want to find the time and stop to say  
I wanna thank You Lord  
For giving us each new day And as I think back over so many years  
Love that's filled my ears  
I wanna thank You Lord  
For giving us pure smokey And anyone who hears that voice so free  
He really got a hold on me  
And I thank You Lord  
For giving to us pure smokey, pure smokey  
Smokey, pure smokey Singing it so sweetly like no one else could do  
Always trying something new  
Well, I thank You Lord  
For giving us pure smokey And anyone who hears, hears that voice so free  
He really got a hold on me  
And I thank You Lord  
For giving to us pure smokey, smokey Thank You Lord
