Aaah, ah-aaah
Is it time for me to leave?
Has it come to an end?
Were you ever meant to be,
meant to be for meAaah, ah-aaah
Could I ever make it work,
work for us again?
So I say, hey, what's on your mind?
So you say, hey, what's on yours?
I just want you to know,
You can[chorus]
Keep your little love,
Keep your little lie,
'cause I'm too tired to go onKeep your little love,
Keep your little lie,
Keep it to yourself,
'cause I'm too tired to go onIt's time for me to leave,
it has come to an end
You were never meant to be,
meant to be for me
So you say, hey, what's on your mind?
But I say, hey, what's on yours?
I just want you to know,
You can[chorus]
Keep your little love,
Keep your little lie,
Keep it to yourself,
'cause I'm too tired to go onKeep your little love,
Keep your little lie,
Keep it to yourself,
'cause I'm so tiredKeep your little love,
Keep your little lie,
Keep it to yourself,
'cause I'm too tired to go
