Like This, Like That

Jay Sean

Hey lover, you're fine
I've been looking for you all this time
You're so designed
Like me girl you're just my type
This club don't close
Tell me baby where you think we're gonna go
My home for sho
And I know you heard this before
But I like this
I'm about to put you on
Started on the bed ended up on the floor
I know they talk a lot but i'ma back it up and more
I show you what I mean baby all night long
Girl you know
You ain't never heard this like that
That like this
I'ma show you how that goes
So baby let me break it down
Make it clear
Just so you know girl
All over your body
We'll do it some more
So baby when I do this like that
That like this you already know
Your lips your thighs
I ain't even looking in your eyes
I want you I can't lie
I ain't even trying to waste no time girl
This club don't close
I'll tell you now exactly where we gonna go
My home for sho
And I know you heard this before
But I like this
I'm about to put you on
Started on the bed ended up on the floor
I know they talk a lot but i'ma back it up and more
I show you what I mean baby all night long
Girl you know
You ain't never heard this like that

That like this
I'ma show you how that goes
So baby let me break it down
Make it clear
Just so you know girl
All over your body

We'll do it some more
So baby when I do this like that
That like this you already know (uhh)
All over your body (yeah)
We'll do it some more (YM)
So baby when I do like this that
That like this
You already know
Blowing hundred spending hundred
Like it ain't nothing
Get money blow more like it ain't nothing
Jet speed jet motors like it ain't nothing
Cash money young money
Blowing burning hundreds
She like the money with the power
Flyer than ever the rose pedal with the flower
Walking on this money when we jump about the shower
Hotter than ever luxury life with these models
Pearl white when we jazzy
Bald eagles jump fly on the harley
Fly shifter new whips class
Big money shit overseas cash
You ain't never heard this like that
That like this
I'ma show you how that goes
So baby let me break it down
Make it clear
Just so you know girl
All over your body
We'll do it some more
So baby when I do this like that
That like this you already know
All over your body
We'll do it some more
So baby when I do like this that
That like this
You already know
You ain't never heard this like that

That like this
I'ma show you how that goes
So baby let me break it down
Make it clear
Just so you know girl
All over your body
We'll do it some more
So baby when I do this like that
That like this you already know
This like that that like this (x2)
