

# Work Out (Fuegotology Remix)

J. Cole

I wanna see you work out for me, work out for me  
Ay, we've got a good thing  
Don't know if I'mma see you again  
But is that a good thing?  
'Cause girl, I can't be your man, no ma'am  
I know what's on your brain  
You probably hope it never would end  
Like, "is it the real thing  
Or is it just a one night stand?"  
Well then  
Let me see you get  
High then go low  
Now, girl won't you drop that thing down to the floor?  
I'm here for one night, how far will you go?  
I wanna see you (Work out for me, work out for me)  
High then go low  
Now, girl won't you drop that thing down to the floor?  
I'm here for one night, how far will you go?  
I wanna see you (Work out for me, work out for me)  
She like them boys with the big old chains  
Ride around town in the big old Range  
I knew her when I rocked big old jeans  
Now the little nigga doing big old thangs  
Would you look at that? I came back for her  
Just to give it to ya, like you asked for it  
Man, that thing in them jeans too fat for her  
Rebounds so I caught her off the backboard  
I told her: "baby girl, come here  
Know I run the town even when I ain't from there"  
And I brag hardly but just to show up at this party  
I made what your nigga make in one year, that's unfair, but  
So is life, take a chance, roll the dice  
Money can't buy you love 'cause it's overpriced  
Don't overthink, just hope it's right  
I'm only here for the night  
Ay, we've got a good thing  
Don't know if I'mma see you again  
But is that a good thing?  
'Cause girl, I can't be your man, no ma'am  
I know what's on your brain  
You probably hope it never would end  
Like, "is it the real thing  
Or is it just a one night stand?"  
Well then  
Let me see you get

High then go low  
Now, girl won't you drop that thing down to the floor?  
I'm here for one night, how far will you go?  
I wanna see you (Work out for me, work out for me)High then go low  
Now, girl won't you drop that thing down to the floor?  
I'm here for one night, how far will you go?  
I wanna see you (Work out for me, work out for me)Carolina Blue kicks, fresh on the scene  
Hottest nigga on the block, damn, girl you're mean  
They be starting shit, but it's your world  
On my Martin shit, "You go, girl!"  
She bad and she know it  
Some niggas save hoes, I'm not that heroic  
Could you be my escort? 'Cause just like them 2-door Fords  
Damn, they don't make them like you no more  
Cole World, real Cole World  
Them boys cool, me, I'm on fire  
Know what's on my mind, trying to see what's on yours  
Tonight, tonight, tonight  
Move slow, 'cause you wanna live fast  
Up late so you'll probably skip class  
Life is a test so before the night pass  
Get right, get rightAy, we've got a good thing  
Don't know if I'mma see you again  
But is that a good thing?  
'Cause girl, I can't be your man, no ma'am  
I know what's on your brain  
You probably hope it never would end  
Like, "is it the real thing  
Or is it just a one night stand?"  
Well thenStraight up, now tell me  
Do you really want to love me forever? (Oh oh oh)  
Or is it just a hit and run?  
Straight up, I tell ya  
I just really wanna cut when we together (Oh oh oh)  
Come here girl, let's get it on  
Straight up, now tell me  
Do you really want to love me forever? (Oh oh oh)  
Or is it just a hit and run?  
Straight up, I tell ya  
I just really wanna cut when we together (Oh oh oh)  
Come here girl, let's get it on
