

Sea of Tranquility

Siouxsie

Cool water washing over land
Wash away, wash away
Clues of fingerprints, forensic traces
Footsteps on the ocean bed, walk awayWalk away, walk away
Sky scraping on backs of manta rayThere are more stars in the sky
Than granules of sand
There are more stars in the sky
Than granules of sandOoh, cool water washing over me
Wash away, wash away
Clues of finger prints, forensic traces
Footsteps on an ocean bed, walk awayThere are more stars in the sky
Than granules of sand
There are more stars in the sky
Than granules of sandOh, there are more stars in the sky
Than granules of sand
There are more stars in the skyOoh, a ghost of a roar from a dry floor
A ghost of a roar from the sea shore
From the sea, the sea of tranquilityFrom the sea, from the sea
Walk away, walk awayFrom the sea
(Walk away)
From the sea
(Walk away)From the sea
(Walk away)
From the sea
