

Christmas Celebration

B.B. King

Here's to you, baby
May Christmas bring you happiness
Oh, here's to you, baby
May Christmas bring you happiness
I want you to have a good time
Like we did on all the rest Yeah, Merry Christmas, baby
Happy New Year
Have fun because Christmas
Don't come but once a year Here's to you, honey
May Christmas bring you happiness
I want you to have a good time
Like we did on all the rest All the presents, my love
Under the Christmas tree
Remind me of your love
That means so much to me Here's to you
May Christmas bring you happiness
I want you to have a good time, baby
Like we did on all the rest We'll enjoy ourselves together
Christmas dinners and everything
We'll share every little pleasure
Every Christmas brings Here's to you
May Christmas bring you happiness
I want you to have a good time
Like we did on all the rest I wanna be home with you baby
When New Years roll around
We'll make our resolutions
Before the sun goes down Here's to you, honey
May Christmas bring you happiness
I want you to have a good time
Like we did on all the rest
