

Interrogation

James

Who do I blame
Impale
When I have nailed someone
Nailed someone for crimes
I harbor in my mind
My self righteous mind
When I have raised my colors
Raised my colors high
These chains I've forged
Sinking like a stone
Sunk to depths
Interrogation
All I judge
I have become Interrogation
Of my own
Let the records show
Liars lies and self deceit
Liars lies and self deceit
Digging a hole digging a hole, hole
Liars lies and self deceit
Liars lies and self deceit
Digging a hole digging a hole
Scrape the blade
Under my jaw
Where I have caught myself
Caught myself before
This bode repeats mistakes
Tiny lies
Where I have nicked myself the lies
Drain out the light
Holes
Liars lies and self deceit
Liars lies and self deceit
Digging a hole digging a hole
Hole
Liars lies and self deceit
Liars lies and self deceit
Digging a hole digging a hole
