Alter Ego (Cyprus)

Minus One

Waking up alone, like a man that failed
Trapped into the mist of our fairytale
And you know, you know, you know
I'm still insideI knew it all along, but I couldn't tell
This kind of love would lock my heart in jail
And you know, you know, you know
It's doing timeCaught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
Under the spotlight, I howl in the moonlight
Howling for youTake it on, take it on
And get me through the night
Take it on, take it on
Until the morning light
Take it on, take it on
And get me through the night
Take it on, take it on, take it oneI've heard it all before, people always say
Time can take the sorrow and the pain away
And you know, you know
This love will never dieCaught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
Under the spotlight, I howl in the moonlight
Howling for youCaught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
Under the spotlight, I howl in the moonlight
Howling for you
Take it on, take it on
And get me through the night
Take it on, take it on
Until the morning lightTake it on, take it on
And get me through the night
Take it on, take it on, take it oneI cross the oceans, fly on the skyline
Drive every road that, bring me by your side
Take it on, take it on
And get me through the night
Take it on, take it on
Until the morning light
Take it on, take it on
And get me through the night
Take it on, take it on, take it one

Caught in the middle of, the dawn and the sunrise
Life is a miracle, I saw it in your eyes
