

Peace Party

Steel Pulse

Jah say now, unite now, Jah say, yeah Let's take a look at situation out there
Nation rise against nation, it was never ever
Part of Jah plan, we are all one creation
Why there is always so much hate? I wanna know
Let's change before it's all too late So come along and party, togetherness for everybody
Come along and party, it's unity for everybody, oh Let segregation be a thing of the past and put the future
Before us, where there's a will there is always a way
Together and we'll be victorious woe, it's time to sip
From the cup of peace, oh yeah now, let's strive for racial equality So come along and party, togetherness for
everybody
Come along and party, it's unity for everybody, oh Please accept my invitation, leave all weapons
At the door, what the hell are we fighting for? So come along and party, togetherness for everybody
Come along and party, it's unity for everybody, oh Let us join forces and live as one, live as one, live as one
Peace to mankind under Jah Jah son, Jah Jah son, Jah Jah son
Let us join forces and live as one, live as one, live as one
Peace to mankind under Jah Jah son Ooh ay, we're having a party, reunion party
Come everybody, togetherness for everybody Come-a, come-a, come-a, come-a, an invitation to you
Yes sir, each and everyone, we're organizing a big party
Where there's lots of fun, so plot the course for I and I
Together live as one, come-a, come-a, come-a, come-a
