Super Girl

Saving Jane

I'm the life of the party
So contagious
All the boys wanna catch me
But I'm just playing(One)
One, two, come and see what I can do
(Two)
Two, three, everybodys after me
(Three)
Three, four, let me tell you what's in store
Lets go, everybody on the floor!I'm supergirl, I'm everywhere
I'm flashing lights, they stop and stare
I'm fire red, I'm on a roll
I'm in your head and everybody knows
I'm, I'm, I'm supergirl
(Supergirl, supergirl, super)I'm the perfect disaster
You can't stop me
Coming faster and faster
You just watch me
(You just watch me)(Five)
Five, six, don't you want a little fix?
(Six)
Countdown, get a little crazy now
(Nine)
Nine, ten, see me work the room and then
Hold on, ready? Here we go again!I'm supergirl, I'm everywhere
I'm flashing lights, they stop and stare
I'm fire red, I'm on a roll
I'm in your head and everybody knows
I'm, I'm, I'm supergirlI'm walking every wire
Set the world on fire
No one's shining brighter, oh! oh! oh!I'm supergirl!
I'm fire red, I'm on a roll
I'm in you head and everybody knowsIm supergirl, I'm everywhere
Those flashing lights they stop and stare
I'm fire red!
I'm in your head and everybody knows
I'm, I'm, I'm, I'm, I'm supergirl
I'm, I'm, I'm supergirl
I'm, I'm, I'm supergirl
