

Shot in the Dark

Big Time Rush

I promised I would be there
I swear I'm on my way
I know you may not hear me
But that's the price I'll pay And I don't know
how I would ever go
all alone walking on my own Like angels, you were floating to me
and that's how it should be 'Cause I don't wanna waste another moment
I don't wanna pay for things unspoken
I just wanna reach with arms wide open
Take a shot in the dark, to be where you are I don't wanna watch the world keep changing
When I'm not with you my heart keeps shaking
Cover up my eyes and just stop pacing
Take a shot in the dark, to be where you are I promise you I'm gonna be there
I wanna be there
No matter what happens
No matter how tragic 'Cause the clock is ticking
The world is spinning
Our lives are passing us byyyyy [continues into next verse for about 4 beats] 'Cause I don't wanna watch the
world keep changing
When I'm not with you my heart keeps shaking
Cover up my eyes and just stop pacing
Take a shot in the dark, to be where you are Take a shot in the dark...
