

Avalanche of Love

Golden Earring

Woman, you're avalanche of love
Falling over me means, I can't get you off
Woman, you're avalanche of love
Loving the way you do means, I'm under you're We're getting loose tonight, we're gonna have a ball
It's gonna be alright, we dance and rock and roll
We'll paint the town red, we shake all night long
Until the night is dead, until we can't go on But you're making love while I'm
Somewhere waisted on the floor with me Woman, you're an avalanche of soul
Rolling over me you shine out heat instead of cold
Woman, you're an avalanche of soul
Lovin' you the way I do is lovin' hot coal
