I'm Not Talking

The Misunderstood

I'm not talking
That's what I got to say
Think I couldn't see her
Seems I really screwed her
I jumped to that conclution
She only constitution
Well that's one thing
I could do without
I'm not talking
That's what I got to say
Think I could have get her
I'm gonna make her sweat yeah
My could still alute her
Keep my ass on tutor
Don't call me, baby
I call you

I'm not talking
That's what I got to say
Think I'd die to get her
I ain't gonna make you ban her
I'm goin' outta location
Ain't gonna be in the nation
Well, that's one thing
I could do without
Oh!
I'm not talking
That's what I got to say
You could jump conclutions
I'm a special illusion
At least I gotta get her
Well, some things don't matter
Well, that's one thing
I could do without
