

# Touch Back Down (Radio Edit)

Catherine Feeny

You can't tell the truth, not even to yourself  
It hurts too much to admit that it's in there  
You can lie and dissemble with anyone else  
But I know you like I know myself Touch back down will you?  
Put your feet on the ground  
And stay here with me Touch back down will you?  
Let me look at you as you are  
Touch back down I would love to hold you  
I cannot get near you  
I would love to show you But you are shuffling sideways  
You think I don't notice  
That you're slipping away Touch back down will you?  
Put your feet on the ground  
And stay here with me Touch back down will you?  
Let me look at you as you are  
Touch back down I have got to learn not to go choosing  
The ones who don't choose me  
'Cause I am always picking  
The fruit that's furthest on the tree  
It's sweetest to me Touch back down will you?  
Put your feet on the ground  
And stay here with me Touch back down will you?  
Let me look at you as you are
