Take It All Away

Faktion

I've never seen
Such an opening
I've never had
Such a plan that turned out right
It's not right
I'm losing pride
You take what is real from me
You try to make me break
I'll take your pride
Take it all away, take it all away
Take it out of sight
You wonder why I'm broken
Take it all away, take it all away
Take it out of sight
You wonder why I have to lie
You never cared about anything
I even wondered
If you knew that I was alive
It's not right
I'm losing pride
You take what is real from me
You try to make me break
I'll take your pride
Take it all away
Take it all away
Take it out of sight
You wonder why I'm broken
Take it all away
Take it all away
Take it out of sight
You wonder why I have to lie
Don't push me
Don't push me.
Take it all away
Take it all away
Take it out of sight
You wonder why I'm broken
Take it all away
Take it all away

Take it out of sight
You wonder why I have to lie
Take it all away
Take it all away
I have to lie
Take it all away
Take it all away
Take it all away
Take it out of sight
You wonder why I'm broken
Take it all away
Take it all away
Take it out of sight
You wonder why I have to lie
I have to lie, I have to lie
I have to lie.I'll take your pride
