Collide

Framing Hanley

Advisory - the following lyrics contain explicit language:

There's some animosity I sense
Whenever we speak
So we don't even talk much anymoreI thought I could fix some things
It's not been pretty
Hell, I don't even see you anymoreWe were so young
We, we, we were too young
We were so youngOh, I've got you where I want you now
No time for your games
This wording's not my style
We've been hiding this for a while
Tonight I'm going to lay you down and remind you how it feels when we collide
Feels when we collideI'm such a nervous wreck
Every time our eyes meet
But there's still a spark we can't ignoreI was waiting for a sign or two
Hell, anything
Some hints at what the evening had in storeWe were so young
We, we, we were too youngOh, I've got you where I want you now
No time for your games
This wording's not my style
We've been hiding this for a while
Tonight I'm going to lay you down and remind you how it feels when we collide
Feels when we collideWe're just bodies tonight
Ain't no sin, ain't no wrong
Everything will be fine
Yeah, I'll be fineWe're just bodies tonight
Ain't no sin, ain't no wrong
Everything will be fine
We'll be fine(Whoa, I've got you where I want you now)
No time for your games
This wording's not my style
We've been hiding this for too long
Tonight I'll lay you down, remind you how it feels when we collide

Feels when we collide
(Feels when we collide)
