Hole In the Rain

John Martyn

Between the drizzle and the drop
Between the drizzle and the dropCome on put your faith in beauty
Try to do love's duty, won't you help us carry on?
Offer every honor, and just honor every offer
Help us carry onDarling, don't you know that everywhere you go
You make the sourest rain as sweet as sunshine?
Darling, don't you see by just standing here by me
You make it so much easier to find?The hole in the rain, hole in the rain
The hole in the rain, hole in the rainPut your heart and mind together
Manipulate this weather
Help us, carry on
With the love of one another
We can still be nature's mother
We can help her carry onDarling, don't you know that everywhere you go
You make that sourest rain sweet as sunshine?
Darling, don't you see with your standing here by me
You make it so much easier to find?The hole in the rain, hole in the rain
The hole in this rain, we got hole in the rainThe hole in the rain, hole in the rain
Hole in the rain, the hole in this rainI know, there's a hole in the rain
There's a hole in that pouring rain
I can see it pouring down, there's a hole
There's a hole, there's a hole
There's a hole, there's a hole in the rainThere 's a hole, there's a hole outside
I can see it falling down
And I can see that little hole in the rain
Darling, with the help of my friendsBetween the drizzle and the drop
Between the drizzle and the drop
Between the drizzle and the drop
Between the drizzle and the dropBetween the drizzle and the drop
Between the drizzle and the drop
Between the drizzle and the drop
Between the drizzle and the dropBetween the drizzle and the drop
Between the drizzle and the drop
Between the drizzle and the drop
Between the drizzle and the drop
