Now That You're Here

Haley Reinhart

The purest eyes and the strongest hands I love the ground, baby, where you stand
And my will to fight it all disappears
Well, now that youâ€™re here

Youâ€™re everything Iâ€™ve been thirsty for
Youâ€™re everything that I canâ€™t afford
Canâ€™t leave you now Iâ€™d be trembling, counting every tear
Well, now that youâ€™re here
Ooh, now that youâ€™re here

[Chorus]
Feels like this chemistry might be the end of me
If love's my enemy, donâ€™t set me free
Now that youâ€™re here, thereâ€™s no one else for me
Stuck on this energy, like where itâ€™s taking me
If love's my enemy, donâ€™t set me free
Now that youâ€™re here, thereâ€™s no one else for me

I never thought Iâ€™d feel so divine
Youâ€™re like poetry, desire justified,
Youâ€™re a legend now thatâ€™ll never die,
Well, now that youâ€™re here

Almost torture now, this insanity
As you captivate every inch of me
Youâ€™re taking me so far away when youâ€™re pulling me near,
Well, now that youâ€™re here
Ooh, now that youâ€™re here

[Chorus]

Baby, donâ€™t leave me alone,
Just let me feel this over and over
Pull me in closer and closer â€™cause baby now that youâ€™re here

Feels like this chemistry might be the end of me
If love's my enemy donâ€™t set me free
Now that youâ€™re here
Thereâ€™s no one else for me
Stuck on this energy, like where itâ€™s taking me

If love's my enemy, donâ€™t set me free
Now that youâ€™re here, thereâ€™s no one else for me
