

# Get Busy

## Saigon

Now it's the time  
That you make your way to the floor  
Show them what is for  
Cause I go on  
[Chorus:]Go Saigon  
Get busy  
Yo... get busy  
Go get them  
Get busy  
Get get busy  
I used to walk up town to see Mario  
That made so more blow than the young...  
From... to Granada I ain't carry...  
You made us know all over the barrier  
Cause... Luigi was a real nigger  
He took mushrooms they used to make the... bigger  
His job was to pick up the shit like a...  
One day they hit Mario on a jack  
Tell him they had his bitch  
Want a hundred... to get her back  
He took it: what kind of shit is that?  
This ain't a video game lame  
We're gonna go... the tack  
He let us figure it when he took a drag... smoke  
What this is it? He burns a whole in a ransom note  
Then we wrote with ease and a lot of poke  
Yo you must really want one of this in your...  
He said let my bitch go and see me  
Somebody won't be breathing  
Cause I'm gonna call Lizy  
And Lizy gonna call Diddy  
Diddy gonna get busy  
[Chorus]  
I get busy like the mother fucker Sean Paul  
You're damn right about your boys  
Ain't nothing but a... hore  
So niggers... you were called...  
Lord have mercy on my folks  
Cause I can get these niggers killed with my eyes closed

God knows I'm a gangsta to the...  
I'm very familiar I'm not a stranger to the war  
... I'll do an old school dance like a...  
Soon as I hear this beat it's like it's automatic  
I get busy  
Spin around niggers get busy  
Let's get it you can deny  
Get busy  
[Chorus]I get up go to the bathroom  
Move my...  
I'm about to shower use the...  
Bitching me I have a new...  
I'm not spelling a word  
Now use the vowels  
This game ain't easy  
Instead of wining I got to get rid of these...  
Told the world that I'm so sick with the...  
Watch out for the blog cause nigger is a...  
Attention all heaters get on your boy dick  
Tell your bitch she come in  
She can play on my joystick  
Up up down down  
Left right left right  
But that's a whole another game  
So when I'm done with you...  
I dissolve my card disappear in the dark  
But I stay calm ous I'm in a Range Rover  
That game's over
