World So Cold

Three Days Grace

I never thought I'd feel this Guilty and I'm broken down inside Livin' with myself nothing but liesI always thought I'd make it But never knew I'd let it get so bad Livin' with myself is all I haveI feel numb I can't come to life I feel like I'm frozen in timeLivin' in a world so cold, wasting away Livin' in a shell with no soul since you've gone away Livin' in a world so cold, counting the days Since you've gone away, you've gone awayDo you ever feel me? Do you ever look deep down inside Starin' at yourself, paralyzed? I feel numb I can't come to life I feel like I'm frozen in timeLivin' in a world so cold, wasting away Livin' in a shell with no soul since you've gone away Livin' in a world so cold, counting the days Since you've gone away, you've gone away from meI'm too young to lose my soul I'm too young to feel this old So long, I'm left behind

I feel like I'm losing my mindDo you ever feel me?

Do you ever look deep down inside

Starin' at your life, paralyzed?Livin' in a world so cold, wasting away

Livin' in a shell with no soul since you've gone away

Livin' in a world so cold, counting the days

Since you've gone away, you've gone away from meI'm too young

I'm too young
