

# Endorphins (Demo)

## August Burns Red

Just take it in stride  
One breath and I think I feel free  
All we can do is strive for the best thoughts  
The best feelings, the warm fuzzy feeling  
As a child, I believed these all came to me  
Due to the process of living  
Grab the wheel right now and make this life yours  
Walk with me, leave your disgusting fever  
Take this life, make it yours  
Forgotten are the days of wandering pointlessly  
In my dreams  
Carry me with your wings
