

# Stealing

## Sussed

You might really be  
The very best woman to ever suit me  
But I can't expect you to see how I see  
'Cause sometimes I don't see a thing  
But personal pressure is making me guess  
My time's running out as we're both getting dressed  
I don't know who's body I'd rather feel pressed  
But I cannot arrest on my thoughts  
(Chorus)  
'Cause we had a good time  
Then it was sorrow  
I call it stealing  
You call it borrow  
So I want my heart back  
If you're not gonna keep it  
If you've got no uses  
Then I'm gonna need it  
And someone else  
Is gonna need it too  
While some of it's here  
I'm wondering where did the rest disappear  
The parts that I thought were the best are unclear  
Or hiding there under your doubt  
So maybe we'll call this a hard lesson learned  
But you're holding something that I'll need returned  
If you need some time  
I've got some to burn  
But burning is just running thin  
(Chorus)  
'Cause we had a good time  
Then it was sorrow  
I call it stealing  
You call it borrow  
So I want my heart back  
If you're not gonna keep it  
If you've got no uses  
Then I'm gonna need it  
And someone else

Is gonna need it too  
What would the point be  
If we let this thing drag out  
Failing to accept  
These impressions passed around  
Oh, you and I  
It's been a wild ride  
And I wouldn't change at all  
But I'm gonna let you know  
(Chorus)  
We had a good time  
Then it was sorrow  
I call it stealing  
You call it borrow  
So I want my heart back  
If you're not gonna keep it  
If you've got no uses  
Then I'm gonna need it  
And someone else  
Is gonna need it too
