

The Same Eyes That Always Drove Me Crazy

Charley Pride

Never thought I'd see you after we both said goodbye
It seems so strange to talk to you this way
After all these years apart you're still in my heart
Loving you just seems like yesterday.

Chorus

You got the same eyes that always drove me crazy
The same lips that said you loved me true
You got the same arms that I still feel around me
I got the same heart that can't stop missing you.

Time to say goodbye again we must be on our way
Deep inside I hate to see you go
If your ever feeling lonesome and you need someone to hold
Don't forget the love you used to know.
