Homicide Rocker

Warlock

Hard rocker
Blood sucker
You all come just to see the show
Neck breaker
Earth shaker
Feel the power, let the rhythm go
There is something we believe in
Its power will never dieGet up - homicide rocker
Keep on banging your heads
Get up - mad brain sucker
Keep on breaking your necks
Get up - homicide rocker
Keep on banging your heads
Get up - mad brain sucker
Keep on breaking your necksA rolling thunder
Fire down under
You think your head is bursting out
A rock fever
Metal believer
Come on and shout it out loud!There is something we believe in
Its power will never dieGet up - homicide rocker
Keep on banging your heads
Get up - mad brain sucker
Keep on breaking your necks
Get up - homicide rocker
Keep on banging your heads
Get up - mad brain sucker
Keep on breaking your necksThere is something we believe in
Its power will never dieGet up - homicide rocker
Keep on banging your heads
Get up - mad brain sucker
Keep on breaking your necks
Get up - homicide rocker
Keep on banging your heads
Get up - mad brain sucker
Keep on breaking your necksGet up
