Church and State

Madcap

Do you know what it's like
To grow up having nothing
That's the price of today
Do you know what it's like
To not be free and speak your mind
Well I grow up and I'm blessed like thatNo, we don't care about democracy
No no no no no, 'cause we know it's just hypocrisy
No, we don't care about your government
No no no no no, we don't care about your president
And I'm glad when I'm free to say itWhen I was young I was lie back to my face
They turned a life about ?...? and fame
Well now I know, and I know the truth about this life
They are nothing when you're goneNo, we don't care for religions No!
No, 'cause they have all made us real low
No, we don't care about your crucifix
No no no no, we don't care about your holy fucking saints
And I'm glad when I'm free to say it [x4]
And we'll say it again [x2]
